

# LTI Digital Banking Platform, Powered by Temenos

A New Era of Comprehensive Banking Solution  
Platforms

Digital transformation of any enterprise is a mammoth task that requires changes on multiple levels and a complete commitment to digitize to the core. Banks continue being under pressure to improve performance and customer experience while reducing IT costs. In this scenario, banks need the support of a trusted partner to understand their needs, while offering a detailed understanding of the IT landscape and domain knowledge of the financial industry.

---

## **Digital Transformation with LTI-Syncordis & Temenos**

Syncordis is an LTI company, trusted advisor in digital banking transformation with over 15 years of experience delivering Core Banking transformation projects. Temenos, one of the leading Banking Software supplier in the world, helps banks smoothly digitize their core banking processes, while addressing new regulatory requirements and staying agile, reducing TCO and improving scalability. Syncordis and Temenos have extended their strategic partnership to jointly go-to-market with a next-generation, "Software-As-a-Service" model Digital Banking platform to Banking & Financial Services organizations.

---

## **LTI Digital Banking Platform, Powered by Temenos**

LTI Digital Banking Platform, Powered by Temenos is a comprehensive banking software that provides "digital to core" banking capabilities, with infinity front-end solutions as well as a comprehensive Financial Crime Mitigation capability. This new platform will be available as a cloud technology on Microsoft Azure, with a state-of-the-art cyber security protection as part of the service. The theme of the platform service is "Think Big, Start Small and Scale Fast". Which means that we aim to enable you to grow your business without the worries of IT cost of ownership, so you can focus on enhancing your customer and user experience.
